

# WHY AMPLIFY?

1

safety

Amplify parents can rest assured knowing their children are in a brand-new, highly secure building in a safe Cheat Lake neighborhood. The children will have educated and certified Amplifiers (teachers) on site, and medical and dental offices are only footsteps away.

DropZone relieves the stress of snow days, early shifts, or late nights by offering fun-filled learning for school-age children and younger.

2

before & after hours

3

amenities

Amplify offers unique amenities and conveniences like a studio for project-based learning, school-provided crib and cot sheets & baby food puree and healthy meals served up by our Amplify chef. For our busy parents, we even have a complimentary coffee bar.

Amplify is founded by three families with young children who sought out high-quality and creative play opportunities in bigger cities, and wanted it to be available in Morgantown. The founder, with a doctoral degree in early childhood education, dreamed of this for her children...so it was created big enough for yours too!

4

family-inspired

5

outdoor learning

Academy and DropZone have unique outdoor play facilities with an infant play terrace, three age-appropriate playgrounds, and even a glass garage door to "bring the outside in."

Academy kindergarteners will get individualized and applied education through learning opportunities that they direct. They will continue to learn and explore until they begin first grade, alleviating parents' stress of finding care for traditional school holidays, un-scheduled closures and summer break.

6

kindergarten

7

learning environment

Amplifiers utilize hand-crafted toys and furnishings to help create a Reggio-inspired atmosphere that allows children to guide their own learning interests, and to focus on the process not the product.

Academy and DropZone are housed in a state-of-the-art facility with a home-like environment. Children will be treated to tableware, natural flooring, and even mixed-age groupings that enhance leadership qualities.

8

atmosphere

9

parties

DropZone parties are limitless with access to the DiscoveryDen, RomperRoom with cinema capabilities, and the outdoor play space.

DropZone is a place where your kids will WANT to go (not HAVE to go) while you enjoy some adult time, reconnect with friends, or just accomplish your to-do list.
